SOUTH DARLEY C.E. PRIMARY SCHOOL

Celebrating our Week

Friday 13th November 2020

Infants— Looking back at last week

Fun was had all round with Children In Need. Reception have enjoyed finding out more dinosaur facts and writing dinosaur names. The children are beginning to write more complex dinosaur sentences now! In maths, they have been counting 3D shapes. KS1 have written newspaper reports about the Battle Of Hastings and interviewed some soldiers and poor King Harold on the battlefield. They have designed their own coat of arms and painted them on to shields.

Infants—Looking forward to next term

KS1 will be completing their addition and subtraction unit and using their skills to do some problem solving. They will also be finding out about what William the Conqueror did next as he started on his castle building project. Reception will be making a dinosaur and looking at money in Maths.

Lower Juniors looking back at last week

We have had another great week. In Maths, we have all started our new unit of Multiplication and Division. Year 3 are grouping and sharing numbers and Year 4 have been multiplying by both 10 and 100. In English, we are investigating different newspaper reports and are going to be writing our own based on The Battle of Hastings and the day the Normans conquered England.

Lower Juniors looking forward to next week

Next week we are going to carry on exploring vertebrates and invertebrates. We have been classifying them using both Venn and carol diagrams. We are going to be looking at coordinating conjunctions in SpaG. On Monday, all our class will be doing Forest Schools. Please make sure they wear warm suitable clothes and bring their own mug.

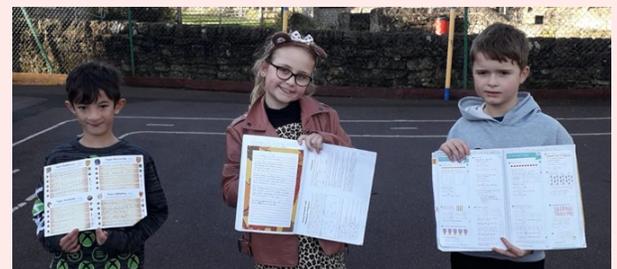

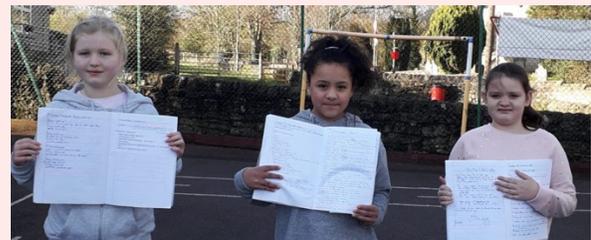

Upper Juniors looking back at last week

This week we have been thinking of descriptive language to write poetry based on a video we have watched about a Viking Village - the children have come up with some fabulous similes and metaphors! In Science we have had fun finding out about the life cycle of a green turtle and answering some tricky questions in a linked board game. We look forward to another game of it next week to see what we can remember! In Maths we have been working on long multiplication, so any practice on TTRS would be very helpful.

Upper Juniors looking forward to next week

Next week we look forward to reading some more of 'The Warrior Troll' which we have nearly finished. It is getting very exciting! We will be using our fantastic collection of language to write a poem about a Viking Village and continuing to papier mache balloons which will eventually become Viking helmets! As well as this, it will be our second session of Wider Opportunities music—remember collection is after 3.15pm on Thurs!

Best work of the Week went to Belle, Sophia, Olivia, Charlie, Garin, Imogen, Zoe, Evelyn and Patrick

House Points

Haddon - 42

Riber— 66

Chatsworth – 66

House Points Prize Winners:

William H & Charlie

BBC

Children in Need

Congratulations to Paddy, Edwin, Charlie, Rupert and Joseph for winning the Children in Need Duck Race!

ROCK OUT 2020

Remember that Rock Out 2020 on TTRS does not finish until 7.30pm on Saturday night. Please encourage your child to take part. It would be fabulous if all the Junior children had added points before it finishes.
