EMBRACE CHALLENGE!

SOUTH DARLEY C.E. PRIMARY SCHOOL

Celebrating Our Week

Friday 18th June 2021

Infants— Looking back at last week

We have been finding rhyming couplets in some of the poems from Now We Are Six and playing with them to write our own versions of AA Milne's poem 'The End'. We listened to the fabulous voice of Alan Bennett reading some of the stories of Winnie the Pooh. We found India on a map and learned a little bit about our partner school in Hastings, Kolkata. We made our own paintings of proud peacocks- India's national bird. Reception have had fun learning the alphabet and making their very own fab alphabet book. In Maths they have conquered 2D and 3D shapes.

Infants—Looking forward to next week

Y2 children will be getting to grips with analogue time, right down to five minute intervals, and Y1s will be looking at coins and notes. We will be continuing to enjoy the poems and stories of AA Milne and using the story 'In which Piglet meets a Heffalump' to inspire our own poetry. In topic work we are going to explore some Indian customs, making marigold garlands, greeting one another and trying out some yoga poses. Reception will be learning about African animals and writing their own animal facts using punctuation.

Lower Juniors looking back at last week

Y3/4 have started to write Olympic non-chronological reports. They have worked very hard to research different facts and they are being creative with their presentation. In Maths, pupils have started exploring angles looking at acute, right and obtuse. In Science, we looked at solids, liquids and gases and categorised different materials based on their particles. We have also started to learn the different scenes in our play and continued to learn the songs adding actions.

Lower Juniors looking forward to next week

We are going to finish our non-chronological reports and start designing a radio advert to persuade people to visit Japan. In Topic, we are going to review our plague bags and write about what each herb would be useful for. During SpaG, we will be recapping all what has been learnt during the summer term so far.

Upper Juniors looking back at last week

Y5/6 have been busy planning and writing newspaper reports. They have based these on an aspect of the plague of their choice. We have been finding out about different herbs and spices used for treatment of ailments during the 1600s and the children have designed and made their own 'Plague bags'. The classroom has smelt very pleasant! In Science we had a go at making casein plastic from milk and vinegar and explored both reversible and irreversible changes.

Upper Juniors looking forward to next week

We will be writing up our newspaper reports on the computer so they look like the real thing. We will also be finding out lots of things about Rocks in Science to create our own information posters. As part of our work on Eyam, we will be creating tourist information leaflets with useful things people may need to know about the village. In Maths Y5 will be finishing off their work on decimals and Y6 will be carrying on with their Bakery project involving lots of aspects of Maths.

Best Work of the Week was awarded to

Libby, Jasmine, Zoe, Finlay, Nicholas, Shohei, Alfie, Thomas, Jessie, Edwin and Mina

House Points

Haddon - 39

Riber— 81

Chatsworth - 47

House Points Prize Winners—
Mia and Edwin

What's on next week

Mon 21st	New Reception welcome morning 9:15am—10:15am
Tues 22nd	Juniors individual violin lessons
Weds 23rd	
Thurs 24th	All juniors music. Please pick all juniors up at 3:15pm. We will hold siblings back for you. Infants Musical Gems Lesson Juniors Multi Sports Club after school with Mr Pass
Fri 25th	Sports Day—further information to follow.

Sports Fixtures and Results

Juniors brass lessons taking place on the playground

PE Stars of the Week

We are with you Kolkata

Hastings School, Kolkata

*Walk to Kolkata
South Darley Covid-19
Fundraising Challenge*

We have now walked 2816km and have 5213km left to go. Well done to all our children for participating. Remember to report your distances each week—please send them in even if they are for previous weeks. KM's are counted on Thursday evenings. Please remember sponsorship and donations can be paid through Parentpay.
