SOUTH DARLEY C.E. PRIMARY SCHOOL

Celebrating Our Week

Friday 1st October 2021

Infants— Looking back at last week

KS1 have loved reading the fantasy stories 'Beegu' and 'Croc and Bird' and writing their own magical stories—some of the children even managed to word process some of their work, too. We did an experiment to show how greenhouse gases in our atmosphere are warming up the world and the children had lots of ideas about how we could stop it from happening in the future. We shared the Muslim story 'Be My Guest' and thought about how it feels to do something kind for someone else, even if it means making a sacrifice. Reception had a delicious time finding out what 3D shape a chocolate orange is and then found 3D objects in their surroundings.

Infants—Looking forward to next week

KS1 are going to complete place value work with all the different representations of numbers we have been exploring. We are going to start looking at the features of non-fiction texts and writing our own labels and captions for some amazing sea creatures. We have a maths investigation about data handling and are going to be asking and answering lots of questions about all our favourite things. Reception will be reading "Mog and the Baby" and looking at different emotions. In Maths they will be counting onwards from a number whilst pretending to be travelling on a bus.

Lower Juniors looking back at last week

This week the children have been working hard to finish their workhouse descriptions and have produced some great work. In Maths, we have started looking at exchanges (carrying). This is a tricky concept and is something we will build on in the upcoming weeks. In PE, we have continued to learn the rules of tag rugby. We have also learnt about inventions during the Industrial Revolution and how they changed manufacturing and transport.

Lower Juniors looking forward to next week

We are going to continue investigating forces and magnets by writing up our experiment on friction. In Maths, we will start to explore exchanges (borrowing) when completing subtraction questions. In Art, we are going to complete designs based on the artist William Morris.

Upper Juniors looking back at last week

The children have been busy writing and typing their workhouse first person narratives. We are really impressed with the effort they have put in and the length of the pieces of writing. As part of our Science work on Forces, we tested a selection of parachutes to see which ones were most effective. The children loved watching their creations drop from the ceiling of the classroom.

Upper Juniors looking forward to next week

Next week we will be starting some work on the artist William Morris and comparing him to Joseph Wright of Derby. We will be reading some more of 'Street Child' and planning a balanced argument based on the character of Jim and whether he should escape from the workhouse. We will look forward to Wider Opportunities music and using our violins, as well as continuing with animations in Computing.

Best Work of the Week was awarded to Libby, Mina, Finlay, Edwin, Daisy, Thia-Louise, Alfie, William H, Caitlyn, Patrick, Rosa and Bella

House Points

Haddon - 115

Riber— 65

Chatsworth—72

**House Points Prize Winners—
Matthew and Zoe**

What's on next week

Mon 4th	
Tues 5th	Individual Violin Lessons
Weds 6th	Y3/4 PE. Please come dressed in PE kits Juniors Primary Sports Evening 3:45pm Highfields Lumsdale Y5/6 Swimming
Thurs 7th	
Fri 8th	Juniors music lessons. Infants and Y5/6 PE. Please come dressed in PE kits

Sports Fixtures and Results

PE Stars of the Week

Primary Sports Evening Session 2

Netball and Dodgeball

Next week sees Miss Lamb joining the South Darley team. Miss Lamb, studying for her PGCE at Derby University after earning a degree in Early Childhood Studies will be with the Lower Junior classroom until just before Christmas. Miss Lamb tells us that she is a big animal lover, enjoys horse riding and owns 2 chihuahua dogs who she takes on regular walks.

Congratulations to all who took part in the TTRS BOYS V GIRLS battle. Well done boys on your well-deserved win.

22ND SEPTEMBER - 29TH SEPTEMBER

All Boys 815 All Girls 472

The results were as an average score as there are more girls than boys in the Juniors. Actual scores were as follows:

1	All Girls	17,009
2	All Boys	16,304

Highest Scorers were Holly, Finlay, Zoe and Joseph.
