SOUTH DARLEY C.E. PRIMARY SCHOOL

Celebrating Our Week

Friday 9th July 2021

Infants— Looking back at last week

It was lovely to welcome Miss Gill back— our class feels complete again! The infants have loved tasting different Indian curries and talking about which ones they liked best. Ella showed the class pictures of her Indian family wedding which were amazing and she answered lots of questions by the children. The class continued to learn about measuring money, time and mass as well as celebrating England's football results and finding out about the tournament and our team. In Maths, Reception practiced telling the time looking at O'clock and half past the hour, made their very own clock and enjoyed playing " what's the time Mr Wolf?"

Infants—Looking forward to next week

On Monday we are having a whole school RE day with lots of activities based around the verse : 'The beauty of creation praises God's name!!! Psalm 148. We are going to look at some creation stories, the 99 names of Allah, what makes us a special part of creation, what we love about our beautiful surrounding and how we should look after them. Reception will be looking more at nonsense poems and find the rhyming string. In Maths they will be finishing our theme on time.

Lower Juniors looking back at last week

We have been busy filming different scenes for our school play 'Hoodwinked' - they have all worked really hard on this and are looking forward to seeing the edited film. In Maths, Y3 have been investigating mass whilst Y4 have completed work based around position and directions. In Topic, we have been writing a manuscript from the perspective of an Eyam resident during the time of the plague. In English, we have been writing a diary entry building up to a major Olympic event.

Lower Juniors looking forward to next week

Next week we are going to finish writing our first person texts based on the build up to the Olympic games. On Monday, we are going to have an RE day so our class will do lots of different activities with all the teachers in school. In PE, we are continuing with our topic football and will be focusing on passing and dribbling with the ball.

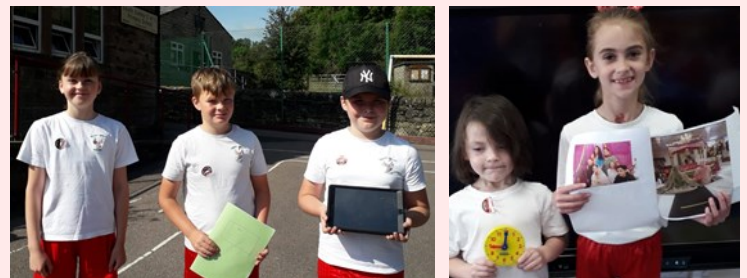

Upper Juniors looking back at last week

The children have been busy filming the school show – they have been brilliant dodging between the showers! In Literacy we have been planning and writing a first person recount of the build up to a sporting event. The children have used some fab descriptive language and there were a great selection of events chosen. It was good to spend some time in the plantation playing games and doing some problem solving on Thursday – hopefully the weather will be dry to allow us to do this again!

Upper Juniors looking forward to next week

Next week we look forward to our RE day where the children will be carrying out a variety of activities with different staff. Year 6 have Bikeability on Tuesday and Wednesday – they will need their bikes in school on these days. We also plan to do some more work based on sport in Literacy – looking at adverts and the messages they portray. Hopefully we will have some good weather and be able to do some more activities outside.

Best Work of the Week was awarded to Fiorella, Garin, Kyle, Orla, Charlie, Emily, Emmy and Freddie.

House Points

Haddon - 16

Riber— 30

Chatsworth -10

**House Points Prize Winners—
Joseph and Maisie**
