## South Darley CE Primary School Statement on the Use of Images Online

### Using Images Safely and Responsibly

We all enjoy and treasure images of our family and friends; family events, holidays and events are moments we all like to capture in photos or on video. We now have the exciting dimension of adding our images and videos to our online social networks, such as Facebook, YouTube and many other websites. This means that we can easily share our photos and video with family and friends.

Whilst this can be very useful to all of us, we must ensure we protect and safeguard all children and staff, including those who do not want to have their images stored online.

### What should we all think about before posting any images or video online and are there any risks?

- Once posted and shared online any image or video can be copied and will stay online forever.
- Some people do not want their images online for personal or religious reasons.
- Some children and staff may have a complex family background which means that sharing their image online can have unforeseen consequences.
- Some children are at risk and **MUST NOT** have their image put online; not all members of the community will know who they are.

Therefore in order to keep all members of the community safe we must all '**Think Before We Post**' Online

**At South Darley CE Primary School we are happy for parents and carers to take photos and video of events for personal use but request that these images alongside any image shared by the school through our communications are not distributed or put online. This is to protect all members of the community.**

We thank you for your support
